JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

When a case of tuberculosis is notified in a dairy, the sale of the milk is forbidden, except when the milk is boiled under supervision of the sanitary authorities so long till the injurious elements are rendered harmless.

Respectfully,

FRANK H. MASON,
United States Consul-General.

The SURGEON-GENERAL,
U. S. Marine-Hospital Service.

GUATEMALA.

Report from Livingston—Fruit port.

LIVINGSTON, GUATEMALA, September 5, 1901.

SIR: I have to make the following report of the conditions and transactions at this port during the week ended August 29, 1901:

Present officially estimated population, 3,000. Number of cases and deaths from yellow fever during the week, none; number of cases and deaths from smallpox during the week, none; number of cases and deaths from typhus fever during the week, none; number of cases and deaths from cholera during the week, none; number of cases and deaths from plague during the week, none; number of deaths from other causes during the month, none. I can not correctly obtain the number of deaths until the end of the month. General sanitary condition of this port and the surrounding country during the week, good. Malarial fevers, intermittent and remittent, are the principal disorders about Livingston.

Bills of health were issued to the following vessels: August 29, steamship *Bergenseru*; crew, 16; passengers from this port, none; passengers in transit, none; pieces of baggage disinfected, none; steamship *Managua*; crew, 17; passengers from this port, none; passengers in transit, none; pieces of baggage disinfected, none. September 5, steamship *Esther*; crew, 19; passengers from this port, none; passengers in transit, none; pieces of baggage disinfected, none.

Respectfully,

W. K. FORT,
Acting Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,
U. S. Marine-Hospital Service.

HONDURAS.

Report from La Ceiba—Fruit port.

LA CEIBA, HONDURAS, September 8, 1901.
